

Test Warning Cleanup

A small scheduling helper removes un-awaited coroutine warnings. The source reports targeted and full test runs, but supplies no command, counts or output.

Real project record · retrospective HTML adaptation

Original text from Cambrian master at a4d2181c488b. The source is preserved in full below and in the linked Markdown. New headings, metadata summaries and visual summaries are an adaptation, not newly observed evidence. Pinned source.

SOURCE AND ADAPTATION

Record provenance

SOURCE RECORD	journal-2026-04-03d	PROJECT	Cambrian
SOURCE DATE	2026-04-03	SOURCE SIGNATURE	2026-04-03T12:14:00Z
OPENED TIME	Not recorded	SOURCE AUTHORS	lispmeister + AI assistant
TOOLS (SOURCE)	Claude Sonnet 4.6, Python 3.14, pytest 9.0.2	STATE (SOURCE)	N/A in source; no commit or witness distinguished
INDEPENDENT WITNESS	Not separately recorded	ADAPTATION	Codex · 2026-09-06 · retrospective
HANDLING	Public repository source; underlying artifacts not imported		

ORIGINAL SOURCE SECTION

Session Goals

1. Eliminate un-awaited coroutine warnings in pytest runs

ORIGINAL SOURCE SECTION

Work Completed

- Added `_schedule_test_rig` helper to defer coroutine creation until scheduling
- Updated tests to patch `_schedule_test_rig` instead of `asyncio.create_task`
- Re-ran targeted + full test suites: warnings eliminated

Beads

- Created + closed: `cambridan-8why`

What the source makes visible

KIND Retrospective source summary	CREATOR Codex · 2026-09-06	SUPPORT Retained original Markdown	NEW MEASUREMENTS None
Reported sequence and boundary Defer coroutine creation → Patch the scheduling helper → Targeted + full suites → Warnings eliminated (reported) No pre-test prediction, opened time, raw test output or independent witness is recorded. The illustration reconstructs the reported workflow; it is not a causal experiment.			

Source evidence and retention

SOURCE	RETENTION	INTEGRITY
Complete original Markdown	Unchanged local bytes	d950ed6a7554f8cd62f3795800b36b9b10f143b1d6d62f65a944f4ff59cb6d0e

What this rendering cannot establish

No pre-test prediction, opened time, raw test output or independent witness is recorded. The illustration reconstructs the reported workflow; it is not a causal experiment.

Source recommendations remain source recommendations. No new historical observations, predictions, witness signatures or experiment results were created. The original signature is reproduced below as attribution.
